Profile

I am Reza Laki Sahlevani, in the 23th year of my life, with about one year experience of web development, 2 years of professional experience in android development using Java and Kotlin, and also mobile app development by Flutter. I am graduated of B. Eng. Bu-Ali Sina University of Hamedan in 2021 and now M. Eng software engineering in Shahre-kord University.

I am so hardworking and trying to improve my knowledge and skills in programing, especially mobile application programming which I enjoy the best.

I hope to create my own OS for mobile devices in future.
